### **1. WBC SPRING HUNT TEST**

Our weekend in Ellensburg for the SHT was a symphony of individuals that came together each performing a different task to orchestrate a successful event. This group effort by club members and participants produced results for many to advance their dog to the next step towards their goal. Combining both the GSP and WBC hunt test on the same weekend was hectic at times and yet in the end it all became clear, because we worked together. The weather was beautiful although a bit windy at times, the food provided by the GSP Club was great but the best part of all was working and sharing with each other. It is with great gratitude I wish to say thank-you to everyone who attended and participated in our event this year.
